EXPERIENCE

Xeme It Solutions, Ahmadabad,GJ —**AndroidEngineer**

April 7th, 2016 - PRESENT

I'm an Android engineer on the Xeme It Solution team. Bring wireframes into life. Where I sharpened my skills. Also a troubleshooter. I love to help other developers. The best thing about this company is that I can learn new thing every day. R&D stuffs. You can check out my [portfolio@Github](#).

Agile Info ways, Ahmadabad,GJ —**Android Trainee**

November 2015 - February, 2016 (where all this started)

I took training of Android Application Development. Learned the basics about android programming.

EDUCATION

KSV University, Kadi, GJ

2012 - 2015 (3 year)-Distinction (77.80%)

I did my bachelor (BCA) from KSV University where I learned about computer programming. Like C, C++, PHP, Asp .Net, Computer Networking and also developed some leadership, communication skills. It was fun!.

TCIL-IT, Ahmadabad, GJ

2010-Distinction

I took CAHNP (H/W & Networking) professional course. Here I leaned about Computer hardware, networking and troubleshooting. That's really helped me to deep dive in IT professional fields.

GSHEB, Mandal, GJ

2009 - 59%

I graduated from high school here. Fact is I was an average student with specs.

SKILLS & INTERESTS

Android Design &
Development
